

GAC Egypt Aviation Services

Coordinating the safe and timely supply of high quality aviation fuels at all Egypt airports and beyond

Established in 1994, GAC Egypt is one of the country's leading providers of shipping and logistics services. It offers bunker fuel services to vessels as part of its shipping portfolio and has now expanded its service offering to provide fuelling and related ground services to the aviation sector.

We know that quality is key. GAC Egypt draws on its strong market relationships and partners with carefully selected suppliers to sell and deliver quality Jet A1, JP8 and Avgas 100LL (military aircraft) fuel that meets internationally approved standards at all Egyptian and other international airports. Leveraging our economies of scale as a reseller for your fuel procurement, you can be sure that you receive quality fuel and services at competitive rates.

Delivering your strategy.

Quality and timeliness you can count on

At GAC Egypt, we understand that time is money. Fuel must be delivered on spec, on time. Working with our rigorously vetted suppliers, GAC Egypt's on-ground staff ensures smooth, safe, timely fuel deliveries.

What's more, whether you are flying into or out of Egyptian or other international airports, GAC Egypt can manage additional aircraft refuelling services, technical inspection of "Into Plane" facilities and aviation depots at all Egyptian airports, provide technical training for airline staff on aviation fuel handling, product quality and safety and also liaise with airports and airlines on contractual matters on your behalf.

The GAC Egypt Advantage

- ISO 14001 & 9001, OHSAS 18001, FIATA, IATA and TRACE certified
- Eight offices throughout Egypt including Cairo International Airport
- Competitive rates for worldwide destinations
- All operations conducted in line with GAC
- Group's stringent Health, Safety, Security and Environment (HSSE) policies.

Our service is underpinned by the GAC Group's strict Code of Ethics and robust HSSE management systems.
