

GAC Namibia Shipping and Logistics Services

Non-stop support at all Namibian ports and terminals

GAC Namibia's dynamic team brings a wealth of ship agency, oil & gas experience, lay-up services and logistics support for the growing cargo trade between Namibia and other African countries.

From dry-docking facilities in Walvis Bay for most oil & gas vessels, shore based logistics for mobilisation projects, mine and large industrial projects to ship agency services, trust us to take care of the details while you take care of business.

Delivering your strategy.

Your partner of choice for integrated services

GAC Namibia has what it takes to provide you with professional solutions solutions to all your shipping and logistics needs.

Our central office near the port of Walvis Bay is ideally located to deliver expert freight forwarding, shipping and breakbulk services and to mobilise large scale projects to West African oil fields.

Safety and quality

Our business complies with the GAC Group's stringent Health, Safety, Security & Environment (HSSE) practices. We are committed to ethical business standards in line with the GAC Code of Ethics and Compliance policies.
