

GAC Energy - Trinidad

Whether seeking, developing or extracting energy resources, let GAC take care of the strain and put our technical muscle and skill at your service.

GAC Trinidad is a leading provider of shipping agency and marine logistics services, combining GAC's global network and expertise with local knowledge and resources, to provide professional port and hub agency services to Principals calling at ports throughout Trinidad & Tobago.

We have the track record, global strength and specialised know-how to meet the stringent safety and quality standards of the energy sector.

Delivering your strategy.

360° support for your oil and gas business

Established in Trinidad in 2010, GAC Energy and Marine Services represents the interests of international companies, oil & gas major and charterers.

Whether you're an operator, a surveyor, a driller or an EPC company, we make it our business to understand your core needs to deliver integrated services in ship agency and marine logistics. All activities and communications are centrally coordinated by our office in San Fernando.

Comprehensive support

Our fast and efficient operations, combined with detailed knowledge of local regulations, ensure prompt turn-around for all port calls and controlled time-related port costs.

Our professional team of experts are on stand-by 24/7.

Well connected

We have excellent relations with both public and private sectors of the shipping industry. These include port authorities, embassies, classification societies, shipping associations, terminal operators, stevedores, shipyard facilities and suppliers.

Safety and quality

Everything we do is done in strict adherence to the highest standards to comply with Health, Safety, Security and Environment (HSSE) regulations. All our operations are compliant with the Group's stringent Compliance and Ethics policies.

We provide current and precise information to meet the needs of all vessel operators and charterers in their project planning and fixture stages.
