Mongla Port

Global network, local expertise

The GAC-UniGlobal partnership combines GAC's global network and resources with Uni-Global's local knowledge and expertise, to provide professional port and hub agency services to vessels calling at all Bangladesh ports.

Established in 1990, Uni-Global serves all types of vessels and handles a wide range of cargoes. Customers also benefit from our complementary services including crew changes, ship supply, supply of bunker fuel and lubricating oils, as well as protection and indemnity. In addition, Uni-Global's fleet of three inland cargo vessels and a coastal tanker are used for lighterage at Chattogram and on the country's inland aquatic routes.

Close connections

Principals can tap on GAC-Uni-Global's excellent local connections and relations with both public and private sectors of the shipping industry. These include the port authorities, embassies, classification societies, shipping associations, terminal operators, stevedores, shipyard facilities and suppliers.

24/7 service

Customers can expect a fast turnaround for their port calls, and swift response to all enquiries, 24/7. We help to reduce your vessel's in port time, which translates to cost and time savings for you. For reliable and comprehensive shipping services in Bangladesh, think GAC-UniGlobal.

We are committed to providing cost-efficient quality services in full compliance with stringent HSSE (Health, Safety, Security and the Environment) guidelines.
