

# GAC Energy - India

**Integrated shipping and logistics services to meet your energy needs**

As part of the global GAC Group, GAC India draws on a world of expertise and experience to support your operations and help you stay ahead of your competition. Since our establishment in 1983, we have developed a range of integrated solutions for the Energy sector and today, we have what it takes to deliver your strategy.

**Delivering your strategy.**

# Our support solutions help you achieve a bigger slice of success

GAC India's nationwide network covers key oil & gas locations in the East and West coasts of India. You can also benefit from our strong and long-standing relationships with authorities and service providers at all locations.

## Specialised portfolio

Our portfolio of integrated agency and logistics services can meet all your operational needs, including specialist support for oil & gas contractors (for fields both offshore and inland), seismic surveyors, cable laying contractors, construction professionals, dredgers, rig owners as well as operators of supply boats, tugs and barges.

## Complete package

With a dedicated team assigned to each

account, your requirements are assessed from the very start, with initial advice and documentation to facilitate imports and re-export of specialised marine equipment such as rigs, platforms and support vessels, as well as drilling tools, machinery, ship spares and more. GAC India also has our own Customs House Agents (CHA) licence and highly experienced professionals to help further streamline the customs clearance process for vessels and project equipment.

## Setting the bar high

All our operations are conducted in full compliance with stringent quality and Health, Safety, Security and Environment (HSSE) standards. Our ISO 9001:2015 certified offices ensure that processes are carried out to the strictest quality.

Our 360° support for the energy sector draws upon GAC's core competencies in supply chain, offshore and agency services complemented by a portfolio of integrated shipping, logistics and marine solutions.
