

Andhika GAC Indonesia Shipping Services

**Fully integrated shipping services for vessels
nationwide**

Established in 1990, PT. Andhika GAC Indonesia, a partnership between the GAC Group and PT. Andhika, an Indonesian shipping and agency company, provides a full range of quality shipping services.

Our main office in Jakarta coordinates the activities of our offices throughout the Indonesian archipelago. With our comprehensive coverage, PT. Andhika GAC Indonesia is a strategic partner for all your shipping and maritime needs in and out of Indonesia, 24/7.

Delivering your strategy.

Ports covered by PT. Andhika GAC

Leverage our edge to deliver your strategy

Total shipping capabilities

Drawing on our in-depth local market knowledge and the global resources of the GAC Group, we fully understand your needs. Our dedicated teams keep owners/operators/charterers informed of their vessel/cargo status throughout the port call.

Experienced team, seamless operation

Communications and finances are coordinated via the Jakarta office to ensure smooth operations and efficient administration flow. This is possible only with the utmost dedication of our team industry specialists who utilise their experience, skills and know-how to deliver a seamless operation

for your vessel. In addition, PT Andhika GAC Indonesia (AGAC) can call upon the services of trustworthy and efficient local partner agents in ports where we do not have a presence.

Fast and efficient turnaround

Our customers enjoy quick turnaround for all port calls and prompt response to all enquiries while benefiting from a raft of value added services delivered by our team of shipping professionals. AGAC's fast and efficient operations, supported by our detailed knowledge of local regulations, help you minimise or eliminate extra costs for entry or sailing of vessels at subsequent ports.

Our operations team are competent to serve tankers, dry cargo, project vessels, rigs, supply vessels, P&I and medical assistance, navy and cruise calls and husbandry requirements.
