

# GAC Malaysia

## Specialist services in Bintulu, Sarawak

Bintulu Port is located at the centre of the Peninsula Malaysia, Singapore, Sarawak, Brunei and Sabah shipping route, and has one of the deepest depths alongside berthing facilities in Borneo. It is connected to a network of roads providing links to other parts of Borneo. Bintulu Port plays a vital role for all logistics activities and provides major project support.

Delivering your strategy.

# Our established track record in Bintulu gives you peace of mind

## Bintulu International Container Terminal (BICT) - Tanjung Kidurong

Geographically situated midway between Kuching, Sarawak and Kota Kinabalu, Sabah along the busy sea lanes of Intra-Asia trade with a deep sea harbour, Bintulu Port is the import and export gateway for Sarawak and the Brunei, Indonesia, Malaysia, Philippines East ASEAN Growth Area (BIMP-EAGA) region. Today, it is East Malaysia's largest container port and the nation's sole liquefied natural gas (LNG) export gateway. It is currently one of the largest LNG export terminals in the world.

## Samalaju Industrial Port

Currently under construction to serve the high-energy intensive industries in Samalaju Industrial Park, Bintulu Sarawak, SIPSB envisages specialising in dry-bulk cargo operation. Located strategically between Miri

city and Bintulu town, the high tech port is equipped with a conveyor belt system.

## Bintulu Airport

Bintulu Airport is located 23km (14 mins' drive) away from Bintulu town centre. The runway measures 2,745m long (9,006 ft) and is capable of handling planes as large as the Airbus A330.

## Customs clearance points (from GAC Malaysia's Bintulu office)

- Bintulu Airport (23 km; 30 min)
- Bintulu Port (18 km; 20 min)
- Samalaju Port (75 km; 60 min)

## Our Bintulu experience

- Mampu project
- Samur project
- ENSCO/Murphy PR-PA platform and many other project shipments

The highest standards of quality, ethics and safety in everything we do.
