

GAC Korea Shipping Services

**Complete shipping services to keep your
business moving**

With a presence in South Korea since 2002, GAC Korea is a leading provider of integrated shipping services in the country. Offering a comprehensive range of ship agency and specialised services, we cater to all types of vessels, including tankers, offshore support vessels and dry bulk carriers. Leveraging our local expertise and extensive experience, we adeptly handle various cargo operations.

Delivering your strategy.

The expert team at GAC Korea is on standby around-the-clock, ensuring your needs are taken care of from start to finish.

GAC Korea provides a full range of shipping services at major Korean ports.

Smooth sailing starts here

At GAC Korea, we redefine excellence in ship agency services. With a legacy of reliability and a commitment to efficiency, we ensure your vessels reach their destination without a hitch. Our comprehensive suite of services is designed to meet the diverse needs of the shipping industry.

Experienced team, seamless operation

Communication and finances are coordinated through our Seoul office to ensure smooth operations and efficient administration. This is possible only with the utmost dedication of our team of industry specialists who utilise their experience, skills and know-how to deliver seamless operations for your vessel.

Fast and efficient turnaround

Experience the swiftness of GAC Korea's operations, where our priority is ensuring a fast and efficient turnaround for all port calls. Our team of shipping professionals not only responds promptly to your inquiries, but also provides a range of value added services. Leveraging on our understanding of local regulations, we help you minimise or eliminate extra costs.

Our commitment to safety

Safety is non-negotiable in the shipping industry. Our team is committed to adhering to the highest safety standard, ensuring the well-being of your crew and cargo. We comply with all customers and statutory requirements and continually striving to improve our systems and processes to ensure high quality standards are maintained.
