1 TARIFFS FOR MOORING AND TUG-BOAT SERVICES

Vessel size DWT	Mooring/Unmooring NOK pr. call	Tugboat assistance NOK pr. Job (2,5 hours)	Mooring boat/Small tug NOK pr. job
< 5.000	2 000	8 900	7400
5.000 ≤	7 800	14 600	7400
15.000 ≤	15 600	40 300	7400
30.000 ≤	24 600	40 300	7400
50.000 ≤	53 200	51 000	7400
100.000 ≤	67 200	61 300	7400
200.000 ≤	83 300	61 300	7400

Tugboat assistance of more than 2.5 hours duration requested or caused by ship, owner or charterer will be charged with an hourly rate **7 000 NOK** for each hour commenced.

Equinor Mongstad tug fleet is associated and perform under "*The Scandinavian Tug Owner Association Standard Towage Conditions*".

2 HARBOUR TARIFFS

Harbour dues are charged for all calls.

The basis for calculation of harbour dues is the ship's NT (Net Tonnage).

The base harbour dues refer to a ship with double hull (i.e. double bottom and double sides) and segregated ballast tanks (SBT).

The base harbour dues:

Crude- and product ships: **11.40** NOK pr. NT (Net Tonnage)

LPG-ships (charged base dues only): **19.20** NOK pr. NT

Dry-cargo ships (charged base dues only): **12.50** NOK pr. NT

For ships not constructed in accordance with above listed requirements, additional harbour dues (percentage) will be charged:

Double bottom and SBT 10%

Double sides and SBT 15%

Single hull and SBT 20%

Single hull without SBT 30%

Ship owner (master) is incumbent to submit all relevant information and documentation in SIS (Ship Information System). www.sis3.com

3 TARIFF FOR WASHINGWATER, SLOPS AND ENGINESLUDGE

145 NOK per m³ for oily water, tank washing water, slops and engine sludge. Same tariff for free water deliveries from ships and pipelines (water containment > 0.5 vol %).

Extended lay-time due to lack of capability for concurrent cargo and de-sloping operations will be charged as jetty rent per hour, for each new hour commenced (See table below).

4 QUAYAGE (Jetty rent)

Extra lay-time requested by ship, owner or charterer will be charged hourly rent, for each new hour commenced.

Jetty	NOK per hour
1, 7	9 800
2, 8, 9	4 100
3	1 600
4, 12	2 300

Jetty 10 rent is charged per day, for each new day commenced.

Vessel size DWT	NOK per day
< 800	1 500
800 ≤	2 100
2.000 ≤	2 800
5.000 ≤	7 700

5 ESCORT-TUG TARIFFS

Use of escort-tug is compulsory for all ships ≥ 20 000 GT (Gross Tonnage) on arrival and departure.

Vessel size DWT	NOK per escort-tug
< 70.000	28 600
70.000 ≤	47 300
150.000 ≤	76 600

Tug escort are compulsory for ships less than 20,000 GT, when carrying more than 10,000 tonnes fuel/residue or dark products. 28 600 NOK per escort-tug will be charged for ships in loaded condition.

An escort assignment is defined with a duration of maximum 2 hours. Additional escort assignment will be charged after 2 hours.

Escort assignment to/from anchorage will be charged according to tariff as separate escort assignment.

EM is only liable for the escort assignment half the distance to and from other local port facilities in the Fensfjorden basin. EM has no escort obligations from other local port facilities in the Fensfjorden basin to Holmengrå and reverse.
