Ship Agency

- Full range of ship agency services for today's maritime operations
- Serves all types of vessels from tankers, liners to bulk carriers, seismic and drill vessels
- Flexible and efficient services including inward/outward port clearance, ship supply, cargo brokerage, ship-to-ship operations (where permissible in Greek waters) and more
- 24/7 support with voyage/operations monitoring
- Provision of latest information on local ports
- Excellent relations with suppliers, ports, customs & immigration authorities

A large red and white offshore supply vessel is shown at sea. The vessel has a prominent red hull and a white superstructure. It features a large red deck structure on the left side and various equipment on the deck, including a crane and a large orange lifeboat. The vessel is sailing on a blue sea under a clear sky. In the background, a coastline with buildings and hills is visible.

Complete coverage of ports and terminals throughout the country

Husbandry Services

Everything your vessel needs during its stay in port or at anchorage

- Takes care of all your vessel's needs at local ports and terminals for fast turnaround
- From cash to master and crew welfare to delivery of fuel, provisions, spares and more
- Excellent relations with suppliers and port & immigration authorities globally
- Efficient reporting on daily port operations and expenses to meet principal's requirements

Personnel Logistics

- Meet & greet services on arrival/departure at approved immigration points in Greece
- Assistance with immigration formalities, baggage claims, accommodation and transportation
- 24/7 service and support for crew and visitors
- Provision of useful information including emergency contacts
- Transportation with the highest standards of safety
- Safe embarkation/ disembarkation of crew whether at port or offshore
- Medical emergency assistance with formalities, hospital care, evacuation and repatriation

Liner Agency

- Liner agents with vast experience in container services
- Strong presence in the Greek market
- Reliable services with global coverage

Freight Services

- Full range covering international road freight, air freight, sea freight, consolidation, customs clearance, transportation & forwarding
- Global partnership agreements and strong relations with the world's premier carriers ensuring competitive rates and priority access to capacity
- Customised packages with end-to-end services
- Safe delivery to any destination with regular updates throughout the journey
- Preparation of documentation and cargo insurance

Bunkering

- Through our own GAC Bunker Fuels and its 12 offices strategically located in bunkering hubs, we can deliver bunker supplies in major ports and obscure locations worldwide.
- We can help reduce overall bunker expenditure through using strictly vetted suppliers from robust supplier programme, real-time job performance monitoring and customised bunker price assessments
- ISO 9001:2015 and ISO 14001:2015 certified for bunker and lubricant trading and brokerage, designed to mitigate major risks that customers face when procuring bunkers

We can save you money on your bunker fuel and marine lubricant procurement around the world

Project Logistics

- Expertise in transportation of heavy, wide and oversized cargo for turnkey projects
- Capability to manage any project scale from a single domestic delivery to a complex, multimodal international shipment
- High quality infrastructure backed by advanced IT systems
- Preparation of all documentation and clearance formalities for temporary and in-transit cargo shipments.

Seamless turnkey solutions
that minimise costs and
optimise resources

Marine

- Specialised in bulk liquid, liquefied gas and dry bulk cargo transfers between all types of vessels
- Rental of STS equipment, including primary/secondary fenders, transfer hoses, gaskets and mooring equipment – all tested and inspected to conform to highest industry standards
- Offshore exploration, development and production support, including:
 - anchor handling of lay barges and drilling rigs
 - towing of barges for pipes, structures and equipment
 - transport of supplies and personnel necessary to sustain drilling and production activities

A large-scale industrial scene at a port or offshore facility. In the foreground, a worker in a high-visibility yellow vest and white hard hat stands on a concrete deck, looking towards a large blue barge. To the right, a blue forklift is lifting a large, dark, cylindrical object with yellow straps. In the background, several other barges and industrial structures are visible under a clear blue sky with some light clouds.

Full suite of support services, rig moving and tug & barge operations

Offshore Support

- Unrivalled range of services and support packages for rig and vessel lay-up
- Efficient management of multiple port calls
- Single point of contact for all agency and project requirements
- Transport of supplies, equipment and personnel offshore
- Oil & gas supply chain management capabilities
- Expertise in customs procedures for import, export, temporary import, inbound/outbound bonded entry
- Collation and timely submission of all documents including bonds and guarantees
- Standby emergency support
- 24/7 monitoring of latest voyage, regulatory, environmental and operational information

Full exploration,
construction and
production support

Serving the Energy Sector

- GAC Greece draws on the GAC Group's experience in key global oil & gas locations to support the East Mediterranean energy sector
- Continuous support from initial exploration to oilfield development
- Full compliance with local, regional and international rules assured by Group policies
