

GAC Abu Dhabi Freight Services

**Whatever your cargo, wherever it's heading,
GAC has your freight forwarding needs
covered with full transparency and efficiency.**

Established in 1967, GAC Abu Dhabi offers bespoke freight solutions for management of all types of cargo.

From RoRo, breakbulk and Over-Dimensional Cargo (ODC) to specialised equipment for the events, the military or the energy sector, you can count on GAC's logistics experts to get your goods where they need to be - on time and on budget.

GACfreight, GAC's in-house Freight Management System, manages the entire supply chain to give you complete transparency and optimum efficiency.

Delivering your strategy.

Comprehensive sea, air, road freight and consolidation services, as well as final clearing & forwarding

Air Freight

Getting your goods delivered fast and without compromising on price or quality is what our air freight service is all about. Partnerships with major carriers enable priority access and competitive rates.

Sea Freight

Choose the best solution for your sea freight requirements from GAC's range of groupage (LCL) or Full Container Load (FCL) services.

Road Freight

Whether you have oversized project cargo, a regional shipment or goods for local retail distribution and delivery, we have the connections to deliver on time, every time.

Clearing & Forwarding

GAC's local know-how and global resources guide your shipments through even the most complex of procedures efficiently and send them on their way to their final destination.

The GAC Abu Dhabi advantage

- IATA agent
- Complete control and transparency of activities using dedicated in-house freight tracking and warehouse management IT applications
- Strict adherence to global security and safety standards, as well as international regulations
- TRACE and ISO 9001:2015, ISO 14001:2015 & ISO 45001:2018 Management System certified

Explore our full range of logistics services:
