

# GAC Qatar Energy Services

**We have the muscle, local know-how, and expertise to support energy projects in Qatar**

With the GAC Group's global network and our proven track record in providing comprehensive project support, you can rely on us for all your operational needs.

We possess the necessary skills, experience, and equipment to guarantee the secure and punctual transportation of your cargo both locally and globally. Our services encompass a wide range of capabilities, including handling specialised projects, managing heavy lift cargo, offering open yard storage solutions, and providing operational support for energy projects.

**Delivering your strategy.**

# Delivering time-definite energy support services

All GAC Qatar operations are conducted with a strong focus on minimising risks and costs, optimising resources and meeting deadlines. We provide round-the-clock assistance for complex project requirements that require air or vessel charter services.

## Complete package

With a dedicated team assigned to each account, we assure you of meticulous handling at every step of the process and prompt attention to all your needs.

## The GAC Qatar advantage

- Handles largest volume of temporary imports of project vessels in Qatar

- Handling major EPC projects, rig operations and offshore platforms
