GAC Sharjah is one of the few integrated shipping and logistics companies with a full-fledged operations office in the Emirate. Our long-standing presence in Sharjah has allowed us to build strong relationships with the local authorities.

We combine our local expertise with the GAC Group's international reach and resources to deliver a portfolio of services to a diverse range of businesses in the Oil & Gas sector, including providing agency and husbandry services for rig building and repairs, in all the major ports of Sharjah.

In Hamriyah Freezone, our dedicated team operates from our own HSSE compliant office and warehouse to provide shipping and logistics services.

**Shipping services**

We provide a complete range of agency and specialised services to a diverse range of vessels such as tankers, bulk commodities, tugs & barges and offshore supply vessels. Our experience in handling all cargo types and provide 24/7 support services ensures efficient turnaround of vessels. GAC Sharjah

has been entrusted with most of the project mobilisation/demobilisation activities in Port Khalid and Port Hamriyah.

We draw on our extensive local experience to provide tailored logistics solutions. GAC Sharjah offers a comprehensive package of logistics services such as sea and air freight forwarding, local and cross-border land transportation, warehousing services and project logistics.
