**No. NMPA/FIN/REV/ 2022-23/5164**

**ORDER**

**(Passed on 28.10.2022)**

\*\*\*\*\*

This relates to notification of General Revision of Scale of Rates (SOR) of New Mangalore Port Authority.

1. The existing SOR for Port Services was last approved by TAMP Vide Order No. TAMP/78/2018-NMPT dated 24<sup>th</sup> July 2019 and notified in the Official Gazette vide No. 294 dated 21<sup>st</sup> August 2019. The revised SOR was implemented w.e.f 20/09/2019. As per the Order, the SOR and Performance Standards are valid for a period of 3 Years from the effective date of implementation of the order.
2. The Board of New Mangalore Port Authority vide Resolution No 10/2021-22 dated 4<sup>th</sup> March 2022 adopted the Scale of Rates approved by the TAMP in July 2019. As per the resolution the SOR is valid till effective implementation of the revised SOR.
3. Ministry of Ports, Shipping and waterways (MOPSW) vide Order No-PD-14024/5/2020-PD-1(e343443) dated 03 November 2021 issued the Tariff policy for Major Port Authorities along with Working Guidelines for tariff computation which is applicable to all Major Ports.

4. On the basis of above policy NMPA has computed the Annual Revenue Requirement (ARR) considering following submissions/ factors/ assumptions notes as below:-
  - a. As per the policy, Port shall assess the Annual Revenue Requirement (ARR), which is the average of the sum of actual expenditure as per audited accounts of the immediate preceding three years after adjusting for non-related and onetime expenses. The ARR so arrived to be indexed for 100% of WPI.
  - b. The SOR shall be drawn considering the overall exclusive traffic for the port for the immediate preceding year.
  - c. The container cargo operations have been handed over to M/s JSWMCTPL on PPP basis w.e.f 29.03.2022 and accordingly container income not considered for computation.
  - d. The income from railway activity is more than expenses, railway related charges are not considered in the revision. Accordingly, the expenses and assets are excluded from ARR calculations.
  - e. Expenses and assets related to Estate, PPP berths and Captive berths have been excluded from the ARR calculations as per the norms.
  - f. The RCHW Levy for Cargo handling operations not considered for computation.
  - g. The charges levied by neighboring ports, viz Mormugao and Cochin are compared and observed that, the charges of New Mangalore Port is competitive to the both the Ports even after the proposed increase.
  - h. The exchange rate per USD, wherever applicable was considered for conversion Rs 80.00/-
  - i. The charges for issue of RFID-Entry certificate was not revised.
5. **Revised rate fixed but revenue is not estimated for the following Items:-**
  - i. Detention charges of vessel
  - ii. Anchorage Fees
  - iii. Miscellaneous service charges for use of tugs
  - iv. Wharfage for certain cargoes which are not handled in 2021-22
  - v. Wharfage for new items proposed
  - vi. Charges for use of Bunkering facility alongside berths
  - vii. Container related charges like Wharfage charges for Reefer, Hazardous and ISO specialized Tank containers Storage, Re stow and hire charges of spreaders and containers.
  - viii. Electricity and monitoring charges for reefer containers
  - ix. Demurrage charges
  - x. Dwell Time charges for Motor Vehicles/Equipments (Import/Export/Transshipment)
  - xi. Charges of supply of water
  - xii. Use of Marshalling Yard including Private private siding inside the wharf for handling containers
  - xiii. Fees for issue of License to C& F/Steamer agency
  - xiv. Charges for carrying out Bollard Pull test.
  - xv. Hire charges for cargo handling equipments.
  - xvi. Charges for taking photographs or shooting films in the harbor premises.
  - xvii. Fees for issue of passes /License for entry in to wharf

- xviii. Fees for the hire of weighing scale and for the issue of certificates of weights
  - xix. Service charges for the use of electric pump for supply of sea water.
  - xx. Per Ton levy in case of newly proposed cargoes and cargoes not handled in 2021-22
6. **Revenue estimated for computation but rate remain same for the following Items:-**
- i. Operation of Mobile X-Ray Container Scanner System charges was notified vide G No.211 dtd.18.06.2020 and effective from 18.07.2020 for 15 Years i.e till 17.07.2035 subject to annual indexation.
7. The Ceiling Indexed Annual Revenue Requirement (ARR) is Rs **510.32** Crores The Revenue Estimation at the present rates of tariff works out to Rs 446.16 Crores as per Computation **and the gap in ARR and the estimated tariff at the present rate is Rs 64.16 Crores.**
8. The Committee constituted by the Board of NMPA as per Rule 4 of the Major Port Authorities (Fixation and Implementation of Scale of Rates, Fees & Conditions) Rules 2021, vide Resolution No-103/2021-22 proposed for the following recommendations in its meeting held on 05.08.2022:-
- a. The RCHW Levy for Cargo handling operations to be discontinued as the number of employee are less and NMPA not able to provide services.
  - b. To increase the Vessel Related Charges by 15% over the current SOR
  - c. To increase the Cargo Related Charges by 5% over the current SOR
  - d. Indexation of revised SOR w.e.f 01.05.2023 as per clause 2.81 and 2.82 of the Tariff Policy.
  - e. Performance standards as proposed for next 3 years based on the last 3 years performance.
- i. The computation of ARR under Form 1 and Revenue estimation at the proposed rate in Form - 3. The ARR( Form-1)and Revenue estimation at Form - 3 are duly certified by Practicing Chartered Accountant and Financial Advisor & Chief Accounts Officer.
  - ii. The summary position of ARR computation is tabulated below:-

9. The tariff proposal along with the draft SOR were sent to the port users and uploaded on the port website on 05/09/2022 for comments from the stakeholders. The last date for submission of comments was 20.09.2022.

10. Association of New Mangalore Port Stevedores and the Mangalore Steamer Agents Association have submitted their comments on the tariff revision proposal. Consultation meeting was with the port users on 6<sup>th</sup> October 2022.
11. The Committee noted the comments of port users and deliberated on the points raised. The points raised and the reply to the points as below:-

Mangalore Steamer Agents Comments	New Mangalore Port Authority Reply
<p><b>1.0. Anchorage Fees:</b></p> <p>The anchorage dues has so far only earned 'negative income' to the port let alone restricting the number of waiting vessels at anchorage.</p> <p>The request to kindly drop para no.2.5 'Anchorage Fees' from the SOR.</p>	<p>Discontinue anchorage charges before berthing of vessels which discharges or loads cargo at New Mangalore Port.</p> <p>Continue anchorage charges for vessels staying at anchorages after completion of cargo handling at NMPA and for vessels stays at anchorage without taking or discharging any cargo/passenger at the port.</p>
<p><b>2.0. Port Dues for SPM vessels:</b></p> <p>Port dues for vessels calling at SPM cannot be same as vessels and steamers calling at other tanker berths as they do not get any facility from the port. For a facility fully funded and installed by the captive user, the tariff should have been lesser. To best of our knowledge, the port dues charges is for meeting the cost of maintenance dredging at channel/dock arms, maintenance of marine assets, floating crafts, pollution control expenses, marine survey expenses etc. As these services are not being availed by vessels calling at SPM, these expenses to be excluded while calculating the port dues for SPM vessels.</p>	<p>The charges for various services under SOR are fixed under ARR method and not based on the costs incurred for the specific service. Therefore, the Port dues for SPM vessels to be continued with the proposed increase.</p>

<p><b><u>3.0. Pilotage and pull back tug for SPM:</u></b>                  Two tugs(Ocean Icon and Ocean Breeze) are being used for SPM operation for about 132 days in a year. Same tugs are also being used for other vessel movements in the port during remaining idle days in a year. Hence, the cost of these two tugs should not be charged entirely for SPM operation. At the time of tariff fixation, the port had informed the tariff authority that those two tugs are hired and used exclusively for SPM operations and accordingly the TAMP considered entire hire charges while calculating Pilotage for SPM. As these tugs are being utilized for other services, the pilotage for SPM is required to be reworked.</p>	<p>The charges for various services under SOR are fixed under ARR method and not based on the costs incurred for the specific service. Therefore, the Tug hire charges for SPM vessels to be continued with proposed increase.</p>
<p><b><u>4.0. Tug Hire charges:</u></b>                  2.4.1 (4) Tug hire charges, unutilized by the hirer for reason they have no control and released within one hour, applicable charges are USD 56.35. Whereas, if delay beyond one hour for similar situation the rate is double the charges for the first one hour. This appears to be superfluous which may need to be omitted.                  4.1. The tariff for tug and port crafts is given per hour or part thereof basis. On many occasions, the crafts used for 5 minutes is being charged for full hour and it is unfair to collect the charges for a period during which the user has not utilised the services of crafts. Hence, the tariff may be collected on actual basis.</p>	<p>The clause is a standard clause across all the ports and hence it shall be continued.</p>
<p><b><u>5.0. Levying charges for landing sick crew:</u></b>                  NMPA has been collecting 50% of the port dues from vessels arriving on distress call to land sick crew at anchorage, despite not providing any port facility. Many ports have accorded exemption for such services. On humanitarian grounds, NMPA should stop collecting charges for landing sick crew at anchorage as this is not a commercial activity and ship-owners who divert their vessels to the nearest port to meet out eventuality arising out of emergencies, such as landing a sick crew. Hence, NMPA should stop this practice of collecting port</p>	<p>The clause is a standard clause across all the ports and hence it shall be continued.</p>

<p>dues for vessels calling for emergency medical evacuation of sick crew.</p> <p>5.1. Similarly, those vessels which entered port limits and subsequently, was diverted to neighbouring ports due to unforeseen circumstances, were charged 50% of the port dues. As these vessels had not availed any service from the port, we are of the opinion that the point No.2.1 Notes (2) cannot be construed as approval for collecting dues from the vessels arriving at anchorage. Hence, specific clause may be included in the SOR exempting such vessels from paying any charges.</p>	
<p><b><u>6.0. Composite Port Charges for Cruise vessels:</u></b>          Para No.3.4 states that the tariff for cruise vessels are made effective on a trial basis for a period of 3 years from 3rd November 2017 to 2nd November 2020. This may suitably be amended.</p>	<p>Charges for Cruise vessels and passengers are to be charged as per the directives of MOPSW and will be revised accordingly.</p>
<p><b><u>7.0. Bunkering at anchorage:</u></b>          Para No.2.5 Notes (2) (ill) says anchorage charges will be charged for vessels calling exclusively for bunkering at anchorages as per the SOR'. The applicable SOR for this service may explicitly mentioned in the SOR for clarity.</p>	<p>Proposed to continue free anchorage for bunker barges and Anchorage charges for vessels calling exclusively for bunkering to be charged @10% of the lowest berth hire charges</p>
<p><b><u>8.0. Renewal of Steamer Agency certificate:</u></b>          Point No.6.4 Note (a) (b) specifies the minimum business activity the licensee is required to do to qualify for renewal. In addition to the existing conditions, those licensees who carried out crew change activity during the period may also be considered to qualify for further renewal.</p>	<p>Port is in the process of making a separate SOP for steamer agency license. Till such time the existing policy would continue. On issue of SOP, the same will be communicated.</p>
<p><b><u>9.0. Additional payment for fire tenders at tanker jetties:</u></b>          All these years, our members used to pay vessel related charges under three headings viz Port Dues, Pilot age and Berth hire. Recently, some of our members received demand note for payment of fire fighting facility charges for berthing of vessels at tanker jetties. To our best of knowledge, all these charges are computed while calculating port dues and wharfage charges.</p>	<p>Additional payment for deployment of fire tenders at oil berths to be discontinued considering the arrangement is made by the port for handling higher parcel size vessels at B No 12 whereas, the wharfage charges is same irrespective of berth.</p>

<p>This is the precise reason why same has not found any place in the present SOR. Hence, we request you to stop this practice of collecting additional charges for firefighting facility over and above wharfage charges paid by the cargo receiver.</p>	
<p><b><u>10.0.Pilotage:</u></b> Para 2.3 Notes 2(i)(c) accords shifting of vessels on port convenience from berth No.14 to other berths. Now that this berth has been handed over to JSW, whether this guideline is still applicable? 10.1. Wef27.07.22, shifting from berth No.8 to any other general cargo berths is to be considered as 'shifting for port convenience'. Same may please be included in the SOR.</p>	<p>Since its handed over to M/s JSW; port convenience from berth no 14 to other berth not applicable.</p> <p>Shifting from berth No.8 is already being amended and same will be updated in SOR.</p>
<p><b><u>11.0. Computation of ARR:</u></b> Activity-wise revenue requirement and income generation with projected traffic and proposed rate to be given to understand that there is no cross subsidization of one activity to another.</p>	<p>The tariff is fixed on Annual Revenue Requirement (ARR) method and not activity wise.</p> <p>Cross subsidization would continue</p>
<p><b><u>12.0. Revenue estimation at the proposed SOR:</u></b> In Form 3, the estimate of revenue is based on actual traffic handled by the port in 2021-22. It is generally expected that there will be increase in traffic. If this is considered, the revenue will increase. Then the tariff increase can be reduced. Also, the revenue projected is Rs.492.13 Crore as compared to the amount stated in the proposal in page 1 is Rs.446.16.Crore. Therefore, to maintain the revenue projected can be less than 15%.</p>	<p>As per the tariff policy, the SOR has to be drawn considering the overall actual traffic exclusively for the Port for Y3 i.e 2021-22. Accordingly the revenue estimation has been made considering the traffic of 2021-22.</p>
<p><b><u>13.0. Comparison of existing SOR and conditionalities:</u></b> Comparison of existing SOR with proposed tariff is not provided.</p>	<p>Comparison shown in the Pot user's consultation meeting on 6<sup>th</sup> October 2022.</p>
<p><b><u>14.0. General Terms &amp; Conditions of SOR:</u></b> Refer 1.2 (xiii) of the proposal about indexation in tariff at 100% instead of 60% based</p>	

<p>on achievement of performance standards. This performance standards are specified in Form 6 to the proposal.</p> <p>14.1. The standard fixed for all three years is same. When indexation increase @100% is sought, the same has to progressively come down (better performance) as compared to the base year.</p> <p>14.2. The performance standard specified is very general specifying as Major Cargo Groups and the tonnage fixed is too low. (If Crude oil or other oil cargo is in the group, it is easy to achieve the target of 18500Tonnes per day).</p> <p>14.3. Also, the time for turnaround time of vessel and pre-berthing time of vessel is too high to make them as a performance standard (Similarly for liquid Cargo vessels, the performance standard of 38 days is too high).</p> <p>14.4. The comparison of these standards with other ports for similar cargo and vessel turnaround time is to be given for better understanding.</p> <p>14.5. Refer para xiii (a), the next annual indexation will be from 01.05.2020. Whereas, the committee at point 4 has stated that indexation will be effective 01.05.2023. This needs to be clarified as to what will be the applicable indexation and its effective date.</p> <p>14.6. Refer condition specified at xii, Users not to pay charges for delays beyond reasonable level attributable to NMPA. The services covered under this clause is not specified. Also, delays beyond reasonable level is very vague term. This should be quantified and linked to performance standards.</p> <p>14.7. Refer para viii, interest on delayed payment beyond 10 days after the date of raising the bill. In which case the Sundry debtors specified at Form 4 should have been on 10 days outstanding of the Estate Income. This will reduce the working capital requirement and the consequent return on capital employed.</p>	<ol style="list-style-type: none"> <li>1. The tariff indexation proposed is as per the Tariff policy for Major port authorities, 2021.</li> <li>2. Performance standard is considered based on previous 3 year average performance. Also it includes all cargo including Crude oil.</li> <li>3. Performance standard has been updated to hours from days.</li> <li>4. Each port cargo mix is different and the method of handling is different. Therefore comparison of performance standards of other ports not relevant</li> <li>5. The indexation of tariff is applicable from 01.05.2023</li> <li>6. Interest on delayed payment clause applicable only for shortfall payments.</li> <li>7. The sundry debtors are considered as per the working guidelines.</li> </ol>
<p><b>15.0. General:</b> It is stated that Rates are competitive as compared to MPT, Goa and Cochin. However, no comparison is placed on record.</p>	<ol style="list-style-type: none"> <li>1. Comparison shown in the Pot users consultation meeting on 6<sup>th</sup> October 2022.</li> </ol>

<p>15.1. Time frame given to offer comments/ views of users is too short as the proposal is not having working details like exchange rate considered, details as to last revision made, actual achieved with indexation benefit and effect of exchange rate variation(Positive) etc. is to be given to understand if any excess earnings were there than projected. If any excess were there, the same has to be credited to the current computation. This has not been provided.</p> <p>15.2. In the current scenario post Covid recovery of trade and commerce, the ROC @16% is too high. This may be requested to be kept at 10%.</p> <p>15.3. Para 2.2.1 has the tariff for berth hire where wharf cranes are not installed. As the wharf cranes have been permanently dismantled, this word may be deleted from the SOR.</p>	<p>2. The average rate Rs 80/per dollar has been considered. The revenue estimated as per the guidelines, is within the ceiling ARR.</p> <p>3. ROC 16% is as per the Tariff Policy issued by the Govt.</p> <p>4. Tariff for berth hire where wharf cranes are not installed:-Will be updated in new SOR and billing.</p>
<p><b>16. Exchange Rate:</b> The exchange rate considered for foreign vessels for vessel related charges is @78/- per dollar which was prevailed at the time of computation. Now the exchange rate increased to Rs 82/- and this increase will have impact in increase in Income. This may be relooked before finalization.</p>	<p>The exchange rate is subject to market volatility. However considering the average exchange rate in the recent period, an average Rs 80/- per US-dollar has been considered.</p>

12. The major points raised by the users are as under:

- a) Association of New Mangalore Port Stevedores have welcomed the proposal to discontinue the RCHW levy. During the consultation meeting the representative requested not to increase the Cargo handling charges more than 2%.
- b) The Steamer Agents Association has requested to:
  - i. discontinue the Anchorage charges,
  - ii. review of Port dues and tug hire charges for SPM operations
  - iii. discontinue port dues for landing sick crew
  - iv. discontinue payment for fire tenders at B No 12
  - v. Not to increase the charges over 5%
- c) The deliberated points raised by the users in detail as under:
  - i. During the year 2021-22, the vessels which were liable for anchorage charges were mainly LPG and POL cargo vessels. The oil marketing companies are maintaining floating stock to meet the requirements of the domestic market.
  - ii. The Committee after the deliberations proposed to review the anchorage charges as under:

- a) Discontinue charges for use anchorage before berthing of vessels which discharges or loads cargo at New Mangalore Port
- b) Continue anchorage charges for vessels staying at anchorage after completion of cargo handling at NMPA and for vessels stays at anchorage without taking or discharging any cargo/passenger at the port.
- c) Proposed to provide anchorage for bunker barges free of charges and levy Anchorage charges for vessels calling exclusively for bunkering @10% of the lowest berth hire charges.
- d) Anchorage charges are to be charged at 20% of the Berth Hire charges applicable for the relevant category of vessels specified under Berth Hire Charges
- iii. The Committee noted that, the charges for various services under SOR are fixed under ARR method and not based on the costs incurred for the specific service. Therefore, the Port dues and Tug hire charges for SPM vessels to be continued.
- iv. Additional payment for deployment of fire tenders at oil berths to be discontinued considering that the arrangement is made by the port for handling higher parcel size vessels at B No 12 whereas, the wharfage charges is same irrespective of berth.
13. The Committee deliberated the Port Users request and noted that to bridge the gap of 64.16 Crores, the port charges have to be increased by 15% to 20%. However, the trade and the port users have raised their concern over increase of charges and requested to keep the increase to minimum. Considering the port users requests and also to recover the part of the deficit the Committee proposed the following:-
- I. Discontinue the RCHW levy for cargo handling
  - II. Discontinue charges for use of anchorage before berthing and levy anchorage charges only for vessels stay at port after completion of cargo handling activities and vessels do not carry at any cargo handling activities at the port.
  - III. To increase the vessel Related Charges by 10%
  - IV. To increase the Cargo Related Charges by 3%
  - V. The exchange rate per USD , wherever applicable is considered for conversion Rs 80.00/-

Notes: (1). No anchorage charges are payable in cases where vessels waiting at anchorage for reasons attributable to the Port like (e.g. crane or equipment failure, unavailability of pilot, unavailability of dedicated berth etc.) causing waiting of vessels.					
(2). For bunkering operations:					
(i). No Anchorage charges shall be charged for bunker barge.					
(ii). Anchorage charges for vessel calling only for bunkering at Berth shall be charged as per the SOR. (iii). Anchorage charges will be charged for vessels calling exclusively for bunkering at Anchorage as per the SOR.					
<b>Notes:</b>					
(1). <u>For bunkering operations:</u>					
(i). No Anchorage charges shall be charged for bunker barge.					
(2) No anchorage charges shall be levied for dredger deployed for dredging activity in the port					
(3) No anchorage charges for any tugs which is used for port operations.					
(4) Sailing out means ATD from the berth.					

16. Further is noted that 63 Ton HMC Owned by Port and the SOR was notified vide G No. 465 dtd.17.12.2019 which was effective from 01.01.2020 and valid till 5 years i.e. 31.12.2024 subject to annual indexation. The Cargo handled for FY 2021-22 was considered for computation.

17. As per Tariff policy Clause 3.7 the committee so constituted shall finalise the draft SOR hosted on the website with or without any modification. The SOR finalized by the Committee for any of the services performed by the Port shall be placed for seeking approval of the Board of the Major Port Authority.
18. Port Authority shall notify the SOR along with Performance Standards proposed by the Major Port Authority within 75 days from the date of hosting the proposed SOR in its website. The revised Scale of Rates, amendments, corrigendum, new tariff item etc., approved by the Board of the Major Port Authority, shall be notified by the Major Port Authority in the State Gazette and the same shall also be hosted on the website of the port and intimated to all the concerned stake holders.
19. As per Tariff policy Clause 3.9 of Working Guidelines, the SOR shall come into effect after expiry of 30 days from the date of notification in the State Gazette by the Major Port Authority notified shall remain valid for 3 years subject to annual indexation as mentioned after expiry of 30 days from the date of notification of the Order in the Gazette of India. Therefore, the validity of the revised SOR is prescribed for a period of 3 years from the date the Order approved comes into effect.
20. As per Tariff policy Clause 3.10 of Working Guidelines, the SOR notified shall remain valid for 3 years subject to annual indexation.
21. The Tariff so revised is subject to indexation w.e.f 01.05.2023 as per Clause 2.8.1 and 2.8.2 of Tariff Policy as under:-
  - a. The SOR will be automatically indexed annually to inflation to the extent of 60% of the variation in the Whole Sale Price Index (WPI) as communicated by Indian Ports Association (IPA) or any other Competent Authority decided by the government based on the average of monthly Whole Sale Price Index (WPI) for all commodities from January to December announced by the Ministry of Commerce and Industry under the Government of India.
  - b. The Major Port Authority would, however, be entitled to indexation in tariff at 100% of variation in WPI communicated by the Indian Ports Association (IPA) or any other Competent Authority decided by the Government instead of 60% variation in WPI prescribed in clause 2.8.1 above, from the second year of tariff fixation on achievement of performance standards committed by the major Port Authority.
  - c. Such adjustment of SOR will be made every year and the adjusted SOR will come into force from 1<sup>st</sup> May of the relevant year to 30<sup>th</sup> April of the following year.
22. The Scale of Rates (SOR), are ceiling levels rates fixed, subject to indexation, for three years. The ports may, if they so desire, charge lower rates than the notified rates and/or allow higher rebates and discounts or increase the prescribed free period. The port may also, if they so desire, rationalize the prescribed conditionalities in the Scale of Rates if such rationalization gives relief to the users. Further, to respond effectively to the dynamic market forces, the ports may periodically review and host the Applicable Tariffs, within the ceiling tariff prescribed in the SOR on the web site and issue trade notices.

23. The duration for such review shall be as per the discretion of the Port Authorities necessitated from the need to respond to the market competition or to increase asset utilization.
24. In cases where the Port Authorities enter in to a long term agreement/contract with trade/customers, the tariff so fixed in such arrangements shall also be within the ceiling of ARR determined as per the Tariff Policy. Such agreements should include commitments from both parties i.e. The Port Authority in terms of performance standards, as per clause 3 of the Tariff Policy, and the Customer in terms of minimum cargo guarantee.
25. In the result, and for the reasons give above, and based on a collective application of mind, the Board approves the revised SOR and the Performance Standards of New Mangalore Port attached at Annexure – I & II. The revised Scale of Rates and conditionalities governing the application of revised Scale of Rates will be effective from 30 days from the date of notification of this Order in the Official Gazette of Karnataka and shall be in force for a period of 3 years from the date of effect of revised SOR. The approval accorded will automatically lapse thereafter unless specifically extended by this Authority.

**NEW MANGALORE PORT AUTHORITY  
SCALE OF RATES**

**CHAPTER - I  
Definitions and General Terms and Conditions**

**1.7 Definitions – General**

In this Scale of Rates unless the context otherwise requires, the following definitions shall apply:

- (i). “Coastal Vessel” shall mean any vessel exclusively employed in trading between any port or place in India to any other port or place in India having a valid costal licence issued by the Competent Authority.

- (ii). "Cold move" shall mean the movement of the vessel without the power of the engine of the vessel.
- (iii). "Day" shall mean the period starting from 6 a.m. of a day and ending at 6 a.m. on the following day.
- (iv). "Foreign-going vessel" shall mean any vessel other than coastal vessel.
- (v). "Week" shall mean a continuous period of 7 days.
- (vi). "Hirer" shall mean all users of the port using any of the appliances of the port.
- (vii). "Month" shall mean the period from 1st to end of the calendar month.
- (viii). "Sailing vessels" shall mean vessels propelled solely by wind power and includes vessels fitted with mechanical means of propulsion.
- (ix). "Ship/steamers" means any vessel propelled under power and fitted with engines.
- (x). "Shifting" means movement of vessels within the dock basin.

### **1.8 General Terms & Conditions**

- (i). The status of a vessel as borne out by its certification by the Customs or the Director General of Shipping, shall be the deciding factor for its classification as 'coastal' or 'foreign-going' for the purpose of levy of vessel related charges; and, the nature of cargo or its origin will not be of any relevance for this purpose.
- (ii). System of classification of vessel for levy of Vessel Related Charges (VRC)
  - (a). A foreign going vessel of Indian flag having a General Trading Licence can convert to coastal run on the basis of a Customs Conversion Order. Such vessel that converts into coastal run based on the Customs Conversion Order at her first port of call in Indian Port, no further custom conversion is required, so long as it moves on the Indian Coast.
  - (b). A Foreign going vessel of foreign flag can convert to coastal run on the basis of a Licence for Specified period or voyage issued by the Director General of Shipping and a custom conversion order.
- (iii). Criteria for levy of Vessel Related Charges (VRC) at Concessional Coastal rate and foreign rate.
  - (a). In cases of such conversion, coastal rates shall be chargeable by the load port from the time the vessel starts loading coastal goods.
  - (b). In cases of such conversion coastal rates shall be chargeable till the vessel completes discharging operations at the last call of Indian Port; immediately thereafter, foreign going rates shall be chargeable by the discharge ports.
  - (c). For dedicated Indian coastal vessels having a Coastal licence from the Director General of Shipping, no other document will be required to be entitled to coastal rates.
- (iv). Criteria for levy of Cargo Related Charges (CRC) at Concessional Coastal rate
  - (a). Foreign going Indian Vessel having General Trading License issued for 'worldwide and coastal' operation should be accorded applicable coastal rates with respect to Handling Charges (HC) i.e. ship to shore transfer and transfer from/ to quay to/ from storage yard including wharfage in the following scenario:

- (i). Converted to coastal run and carrying coastal cargo from any Indian Port and destined for any other Indian Port.
- (ii). Not converted\* to coastal run but carrying coastal cargo from any Indian Port and destined for any other Indian Port.  
\* The Central Board of Excise and Customs Circular no.15/2002-Cus. dated 25 February 2002 allows carriage of coastal cargo from one Indian port to another port in India, in Indian flag foreign going vessels without any custom conversion.
- (b). In case of a Foreign flag vessel converted to coastal run on the basis of a License for Specified period or voyage issued by the Director General of Shipping, and a Custom Conversion Order, the coastal cargo/ container loaded from any Indian Port and destined for any other Indian Port should be levied at the rate applicable for coastal cargo/ container.
- (v). (a). Vessel related charges shall be levied on ship owners/steamer agents. Wherever rates have been denominated in US dollar terms the charges shall be recovered in Indian Rupees after conversion of US currency to its equivalent Indian Rupees at the Reference Rate notified by the Reserve Bank of India or Market Buying Rate of State Bank of India as may be specified from time to time. The date of entry of the vessel into the Port Limits shall be reckoned with as the day for such conversion.
- (b). Container related charges denominated in US dollar terms shall be collected in equivalent Indian Rupees. For this purpose, the Reference Rate as notified by the Reserve Bank of India or Market Buying Rate of State Bank of India prevalent on the date of entry of the vessel in case of import containers and on the date of arrival of containers in the Port premises in the case of export containers shall be reckoned as the day for such conversion of dollar denominated charges.
- (vi). A regular review of exchange rate shall be made once in thirty days from the date of arrival of the vessel in cases of vessels staying in the Port for more than thirty days. In such cases, the basis of billing shall change prospectively with reference to the appropriate exchange rate prevailing at the time of the review.
- (vii). (a). The vessel related charges of all coastal vessels should not exceed 60% of the corresponding charges of other vessels.
- (b). The cargo/ container related charges for all coastal cargo/ containers, other than thermal coal, POL including Crude Oil, iron ore and iron pallets, should not exceed 60% of the normal cargo/ container related charges.
- (viii). Interest on delayed payments/refunds:
  - (a). The User shall pay interest at the rate of 15% per annum, on the delayed payments of any charge under the Scale of Rates.
  - (b). Likewise, the Port Authority shall pay penal interest at the rate of 15% per annum on delayed refunds.
  - (c). The delay in refunds will be counted beyond twenty days from the date of completion of services or on production of all the documents required from the User whichever is later.
  - (d). Delay in payments by user will be counted only 10 days after the date of raising the bills by NMPA. This is applicable only for shortfall in the final invoice. This provision will, however, not apply to the cases where payment is to be made before availing the services/ use of port properties and/ or where payment of charges in advance is prescribed as a condition in the Scale of Rates.

- (ix). No refund shall be made unless the amount refundable is ₹100/- or more. Likewise, NMPA will not raise supplementary or under charge bills, if the amount due to Port is ₹100/- or less.
- (x). All charges worked out shall be rounded off to the next higher rupees in each category.
- (xi). (a). The rates prescribed in the Scale of Rates are ceiling levels; likewise, rebates and discounts are floor levels. The NMPA may, if they so desire, charge lower rates and/or allow higher rebates and discounts.
- (b). The Port may also, if they so desire rationalise the prescribed conditionalities governing the application of rates prescribed in the Scale of Rates if such rationalisation gives relief to the Users in rate per unit and the unit rates prescribed in the Scale of Rates do not exceed the ceiling level.
- (c). The Ports should notify the public such lower rates and/or rationalisation of the conditionalities governing the application of such rates and continue to notify the public any further changes in such lower rates and/or in the conditionalities governing the application of such rates provided the new rates fixed shall not exceed the rates notified by the NMPA.
- (xii). Users shall not be required to pay charges for delays beyond a reasonable level attributable to the NMPA.
- (xiii). The SOR will be automatically indexed annually to inflation to the extent of 60% of the variation in the Whole Sale Price Index (WPI) as communicated by Indian Ports Association (IPA) or any other Competent Authority decided by the Government based on the average of monthly Whole Sale Price Index (WPI) for all commodities from January to December announced by the Ministry of Commerce and Industry under the Government of India
- (xiv). The Major Port Authority would, however, be entitled to indexation in tariff at 100% of variation in WPI communicated by the Indian Ports Association (IPA) or any other competent Authority decided by the Government instead of 60% variation in WPI prescribed in (xiii) above, from the second year of tariff fixation on achievement of performance standards committed by the New Mangalore Port Authority.
- Such adjustment of SOR will be made every year and the adjusted SOR will come into force from 1<sup>st</sup> May of the relevant year to 30<sup>th</sup> April of the following year.
- (a). The next annual indexation will be from 1 May 2023. The indexed SOR to be intimated by NMPA to the stakeholders.
- (xiv). Guidelines on priority berthing of coastal vessels at Major Ports issued by the Ministry of Shipping vide letter No.PT-11033/51/2014-PT dated 4 September 2014:
- (a). "Coastal vessels" is defined as any vessel exclusively employed in trading between any port or place in India to any other port or place in India having a valid coastal license issued by the Director General of Shipping / competent authority.

- (b). Major ports shall accord priority berthing, at least on one berth, to dry bulk/ general cargo coastal vessels to enable shippers to transport goods from one port in India to another port in India irrespective of origin and final destination of the cargo. This would be in addition to dedicated berth, for handling of Coastal Thermal Coal already existing in Major Ports, if any.
- (c). All Major Ports shall accord priority berthing through specific window to coastal container vessels keeping in view the concession agreements and existing allotment of window berthing at the private terminals and availability of container berths operated by the ports.
- (d). In respect of POL / Liquid cargo tankers, existing practices regarding such priorities as prevalent in various ports may continue.
- (e). Coastal vessels which are to be accorded priority berthing shall not be liable to pay priority berthing charges.
- (f). There will be no restrictions on berthing of coastal vessel, in addition to the coastal vessel berthed on priority as above, if the same is eligible under normal berthing policy of the port.
- (g). A coastal vessel shall be liable to pay port charges on coastal rates notwithstanding whether it was berthed on priority or otherwise.
- (h). Ports should explore the possibilities of earmarking exclusive berth, storage areas and gates for coastal cargo outside the custom bonded area of the Ports to further facilitate movement of coastal cargoes.
- (i). Major Ports shall clearly work out the time limit within which a coastal vessel would be berthed in a particular port. This time limit may differ depending on the cargo and berth. Each Major Port should carry out a detailed exercise and issue a trade notice clearly indicating the upper time limit within which a coastal vessel would be given a berth in the port. As regards priority berthing through a specific window to coastal container vessels, Major Ports should have a detailed discussion with the PPP operator and publish the specific window for coastal container vessels. The above mentioned exercise and publication should be completed within 30 days from the date of issue of these guidelines.
- (j). The MIS in the Port should capture data for coastal and foreign vessels cargoes separately. The data so captured shall be monitored and reported internally in the port as well as to IPA and Ministry in separate format for coastal and foreign vessels.”
- (xv). In order to decongest the ports and encourage exporters / importers to utilize the port services beyond regular hours, lower charges will be levied for cargo and vessels related services as well as special discount will be offered in port charges for the services rendered after regular hours.
- [This condition is incorporated in pursuance to the MOS letter No.PD/14033/101/2015-PD.V dated 3 February 2016 based on which a common adoption Order No.TAMP/14/2016-Misc dated 9 February 2016 is approved by this Authority.]
- (xvi). The NMPA shall on the vessels of the Republic of Bangladesh levy charges for conservancy, pilotage and other specific services at par with those charged from the

coastal vessels. The charges will be determined with reference to cargo carrying capacity of the vessels, as applicable to coastal vessel engaged in coastal shipping.

[This condition is incorporated in pursuance to the MOS letter No.PD/15025/5/2012-IWT dated 25 November 2016 based on which a common adoption Order No.TAMP/4/2004-Genl dated 16 December 2016 is approved by this Authority.]

**Notes:**

1. Berth hire shall be levied per hour from the time of completion of mooring of a vessel in a berth is completed.
2. (i). Berth hire shall stop 4 hours after the time of the vessel signaling its readiness to sail. A penal berth hire equal to berth hire charges for one day's berth hire charge (i.e. 24 hours) shall be levied for a false signal.  

“False signal” would be when a ship signals readiness and asks for a pilot in anticipation even when she is not ready for un-berthing due to engine not being ready or cargo operation not completed or such other reasons attributable to the vessel. This excludes the signaling readiness when a ship is not able to sail due to unfavorable tide, lack of night navigation or adverse weather conditions.”
- (ii). The time limit prescribed for cessation of berth hire shall exclude the ship's waiting time for want of favorable tidal conditions or on account of inclement weather or due to absence of night navigation facilities.
3. A vessel which owing to an impending cyclone, elects to stay in the Port after being duly warned by the Port authorities, shall be charged at the specified rates for the period covered by warning and commencing in the case of a vessel which has not completed its loading or unloading at the time of warning, from the day after the loading or unloading has been completed.
4. (i). The vessel for whose convenience an adjacent berth(s) is (are) kept vacant due to the nature of cargo to be handled at that particular berth shall be charged berth hire charges applicable to the berths kept vacant in addition to berth hire charge for the berth occupied by the vessel.  
(ii). Berth Hire charges shall be levied for Coast Guard/ Naval and other Government Vessels occupying the berth or berthed alongside the wharf/diaphragm wall as applicable to other vessels.
5. Any vessel which continues to occupy any berth after the expiry of time given by the port, penal charges for unauthorized occupation of berths; without prejudice to any other course of action in accordance with the relevant provisions of law, rules and regulations, berth hire charges for the unauthorized occupation of a berth in the Port shall be levied at the

following rates after giving 3 hours advance intimation or notice in writing to the agents/owner of the vessels concerned:

I	Upto 3 days or part thereof	:	At three times the rate of berth hire charges
II	Above 3 and upto 6 days	:	At four times the rate of berth hire charges
III	Above 6 and upto 9 days	:	At five times the rate of berth hire charges
IV	Above 9 days and so on for subsequent days	:	At six times the rate of berth hire charges and so on

Penal Charges shall be applicable only for the overstay period of the vessel from time/date of issue of the notice.

6. No berth hire shall be levied for the period when the vessels idle at its berths due to break down of Port equipments or power failure or any other reasons attributable to the Port.

**7. Priority Berthing or Ousting priority**

(i). For providing priority berthing to any vessel, a fee equivalent to berth hire charges for single day (24 hours) or 75% of the berth hire charges calculated for a total period of actual stay of the vessel at the berth, whichever is higher, shall be charged.

(ii). For providing ousting priority berthing to any vessel, a fee equivalent to berth hire charges for single day (24 hours) or 100% of the berth hire charges calculated for a total period of actual stay of the vessel at the berth, whichever is higher, shall be charged.

(iii). The fee for according 'priority' /ousting as indicated above shall be charged from all vessels, except the following categories:

- (a). Vessels carrying cargo on account of the Ministry of Defence
- (b). Defence vessels coming on goodwill visits
- (c). Vessels hired for the purpose of Antarctica expedition by the Department of Ocean Development
- (d). Any other vessel for which special exemption has been granted by the Ministry of Shipping.

**8. Berth Reservation**

(i). A Shipping line requiring advance reservation for a container ship should give its scheduled arrival of ships at least 3 months in advance. In the case of other vessels, a minimum notice of 1 month should be given. The shipping line should also intimate the expected stay of the ship at the berth at the time of asking for berth reservation.

(ii). A berth reservation equal to berth hire charges for single day (24 hours) or 25% of the berth hire for the expected stay of the ship at the berth, whichever is higher, will be charged.

(iii). If the shipping line does not bring the ship at the pre-reserved time, then the berth reservation fee paid in advance will be forfeited.

(iv). Liner ships should arrive within 6 hours of the commencement of the time reserved for the berths and non-liner ships should arrive within 24 hours of the time indicated for arrival of the ship.

9. As per the Ministry of Shipping, Government of India, letter No. WTC-15025/5/2012-IWT (Vol.III) (Pt) dated 25<sup>th</sup> November 2016 regarding Clause (6) of Standard Operating Procedure/ Coastal Shipping Agreement between India and the Republic of Bangladesh, the vessels entering into India from Bangladesh under the Coastal Shipping Agreement between India and Bangladesh shall be treated as domestic vessel engaged in Coastal Shipping and not as Foreign Going vessels and port dues shall be levied accordingly.

Description	Unit	Foreign (in ₹)	Coastal (in ₹)
For providing bunkers alongside berth(s)/anchorage through fixed pipelines or loading arms or flexible hoses of users or through mobile trucks/trainers/barges	MT	41.97	29.22

**3.4 Composite Port Charges for Cruise Vessels**

As per Govt of India orders from time to time.

**Notes:**

1. No export cargo shall be admitted into the Port premises without the permission in writing of the authorized official of the Port. Normally export cargo for a vessel shall be admitted only after the vessel is opened for export.
2. Wharfage shall be in addition to any charges towards rent for storage of goods in the quays, warehouses, transit sheds or landing places of the Port of New Mangalore.
3. Request for amendment in import / export applications or documents shall be accompanied by a fee of ₹10/- which shall not be refunded.
4. The cargo/container related charges for all coastal cargo/containers, other than thermal coal, POL including crude oil, iron ore and iron ore pellets, should not exceed 60% of the corresponding charges for normal cargo/container related charges.
5. **Method of calculating wharfage:**
  - (i). All goods intended for shipment shall be assessed on export application and wharfage shall be paid before the goods are shipped.
  - (ii). All goods landed within the limits of the Port of New Mangalore shall be assessed on import application and the wharfage shall be paid before the goods are delivered.
  - (iii). The wharfage dues shall be calculated on the manifested tonnage of the vessel's cargo in the case of imports, iron and steel scrap, ores and other goods in bulk
  - (iv). In the case of cargo other than that mentioned in sub-rule (iii), the wharfage shall be calculated in accordance with the unit specified against each item of the goods in the Schedule of Wharfage given above.
  - (v). The wharfage dues shall be calculated on the total tonnage of each item of goods. For this purpose, the gross and not the net tonnage of each package as specified in the relative invoice or other shipping document shall be taken, subject to fresh check by the Port if the circumstances so require. In the absence of these documents or in the absence of the specification of gross tonnage therein the tonnage arrived at by actual test-check shall be taken as gross tonnage.
  - (vi). For the purpose of calculating the dues in the Scale of rates –

- (a). One unit by weight means 1 tonne (1000 kilograms)
  - (b). One unit by measurement means 1 cubic meter
  - (c). One unit by liquid measurement (capacity) means 1000 liters
- (vii). In calculating the gross weight or measurement by volume or capacity or an individual item, fractions upto and including 0.50 shall be reckoned as 0.50 and fractions over 0.50 shall be reckoned as one unit
- (viii). Assessment on packages containing articles of a miscellaneous character shall be levied based on the rate applicable for individual cargo items
- (ix). Where marks are indistinguishable and the cargo is landed in bulk or under such conditions that the tonnage is not readily ascertainable in that case;
- (a). if the cargo is landed at the Wharf, the tonnage shall be ascertained by taking the actual measurement and converting it at one cubic meter to a tonne,
  - (b). if the cargo is conveyed by craft from a vessel at the outer roads, the licenced carrying capacity of the craft shall be taken as the tonnage.
- (x). Before classifying any cargo as 'unenumerated goods' the relevant Customs classification shall be referred to find out whether the cargo can be classified under any of the specific categories mentioned in the Schedule given above.

6. **Refund:**

No refund of dues shall be made in respect of goods lost over board or jetties within the limits of the Port. However, in the case of goods thrown overboard or jettisoned but not salvaged, refund of wharfage will be considered on production of a certificate from the authorized official of the Port Authority, justifying the circumstances under which the goods were jettisoned or thrown overboard. In case the goods are salvaged and landed within the port limits, the wharfage dues would be charged on a pro-rata basis.

7. **Porterage (Handling of Cargo) at wharf or jetties**

- (i). The Port shall not assume custody of any export cargo and handle the same at the wharf or jetties.
- (ii). Import cargo covered by Oversight Delivery Order (ODO) and for all bulk cargoes (import), NMPA doesn't assume the Custody of cargo.
- (iii). The Port may assume custody at shore and convey to transit space and sort for delivery all import general cargo and other cargo for which oversight delivery direct from ships is permitted in special case by the Port and the Customs except the bulk cargo and for this service in addition to wharfage, the following charges shall be levied namely
  - (a). Actual labour charges incurred by the Port plus 20% overhead
  - (b). Crane hire charges as per rates prescribed in the Scale of Rates, if Crane is provided by the Port
  - (c). Fork lift hire charges as per rates prescribed in the Scale of Rates, if Forklift is provided by the Port
  - (d). Overtime allowance admissible

- (iv). In case of ship to shore transfer and transfer from quay/ to storage yard operations in respect of coastal cargo eligible for concessional tariff, 60% of the rates prescribed in the above schedule will be levied

**8. Tranship Goods**

- (i). Cargo landed on and shipped from the wharf, except as otherwise provided shall be charged full wharfage. The transshipment charges in respect of coastal cargo / vessel shall be at the concessional rate as prescribed for coastal cargo.
- (ii). Though cargo originally manifested at Port of shipment for transshipment landed on the Wharf and cargo manifested for local and subsequently amended at the Port of New Mangalore for transshipment shall be charged 85% of the applicable wharfage
- (iii). Cargo discharged overside or shipped overside (ship to ship) shall be charged 50% of the applicable wharfage rate except in respect of food grains manifested for Indian Ports and transhipped to smaller vessels from cargo tankers or bulk carriers within the Port limits.
- (iv). Wharfage shall be levied at Rs.1/- per tonne on food grains manifested for Indian Ports and transhipped into a smaller vessel from tanker or bulk carrier at the Port. This charge shall not be levied in respect of transhipped quantity landed at this Port
- (v). In case cargo from foreign Port lands at NMPA for subsequent transshipment to an Indian Port on coastal voyages, 50% of the transshipment rate prescribed for foreign going and 50% of that prescribed for coastal leg shall be levied.

**9. Goods exempted from wharfage**

The following categories of goods shall be exempted from the wharfage charges:

- (i). Bonafide consumable/non consumable ship stores.
- (ii). Passenger and seaman's bonafide baggage and personal effects accompanying them.
- (iii). Empty gunnies and twines sent to ship to facilitate landing or loading of cargoes in bulk or for replacing wet or torn bags.
- (iv). Goods consigned to or by the New Mangalore Port Authority
- (v). Postal Mail bags.

6. Charges shall be levied in accordance with the above scale when it is necessary for the Port to weigh goods, e.g. for the purpose of assessing the amount of wharfage payable in respect of the goods.
7. No refund of hire charges shall be allowed in case a notice of cancellation of requisition is not sent to the authorised officer of the NMPA in writing so as to reach him at least 2 hours prior to the commencement of the period of hire.
8. A fee of ₹10/- each shall be levied for a duplicate certificate of payment issued by the port authorities.

**VIII. Charges for the use of weigh bridges:**

Description	Amount
Weighment of cargo on the Port Lorry weigh bridge	₹44.40 per truck both ways

**Notes:**

6. The weighbridge shall be used only for weighing lorries or carts etc., with or without loads.
7. The fee under item (1) above shall cover hire charges of passing the cart or lorry etc., both empty and loaded over the weighing platform.
8. If any empty lorry after recording the tare weight on the ports weigh bridge within the wharf area is not brought to the ports weigh bridge during the same day with a load for recording the gross weight, a fee of ₹7.00 per lorry shall be payable by the party on whose behalf the tare weight is asked to be recorded.
9. The weigh bridge shall be manned by the NMPA.
10. The NMPA shall not be responsible to the hirer or any person for any loss or damage or injury to life arising directly or indirectly from the use of the weigh bridge during the period of its hire. The hirer shall indemnify the NMPA against all loss or damage or injury to life arising directly or indirectly from the use of the weigh bridge to any other person or property. The liability of the hirer shall not be affected by the fact that such loss or damage or injury to life may have arisen due to any act or default of any employee of the port. The hirer shall also indemnify the NMPA for all liabilities under the Workmen's Compensation Act, 1923.
